SEC 7. That two terms of said court shall be held each year at Muscogee, in said Territory, on the first Monday in April and September, and such special sessions as may be necessary for the dispatch of the business in said court at such times as the judge may deem expedient; and he may adjourn such special sessions to any other time previous to a regular term; and the marshal shall procure suitable rooms for the use and occupation of the court hereby created.

SEC. 9. That the jurors shall be selected as follows: The court at its regular term shall select three jury commissioners, possessing the qualifications prescribed for jurymen, and who have no suits in court requiring the intervention of a jury; and the same persons shall not act as jury commissioners more than once in the same year. The judge shall administer to each commissioner the following oath:

"You do swear to discharge faithfully the duties required of you as jury commissioner; that you will not knowingly select any one as jurymen whom you believe unfit and not qualified; that you will not make known to any one the name of any jurymen selected by you and reported on your list to the court until after the commencement of the next term of this court; that you will not, directly or indirectly, converse with any one selected by you as a jurymen concerning the merits of any cause or procedure to be tried at the next term of this court; so help you God."

That the marshal shall return said lists with a statement in writing of the date and manner in which each juror was summoned; and if any juror or alternate legally summoned shall fail to attend he may be attached and fined or committed as for contempt.

That if there shall not be a sufficient number of competent petit jurors and alternates present, and not excused, to form a petit jury, the court may compel the attendance of such absentees or order other competent persons to be summoned to complete the juries.

SEC 13 That if for any cause the jury commissioners shall not appoint or shall fail to select a petit jury as provided, or the panels selected be set aside, or the jury list returned in court shall be lost or destroyed, the court shall order the marshal to summon a petit jury of the number hereinbefore designated, who shall be sworn to perform the duties of petit jurors as if they had been regularly selected; and this provision shall also apply in the formation of petit juries for the first term of the court. The want of qualification of any person selected as juror under section ten of this act shall not necessarily operate as cause of challenge to the whole panel.

SEC 14 That the fees of the jurors and witnesses before said court herein created shall be the same as provided in the district court of the United States for the western district of Arkansas.

SEC. 15. That in all criminal trials had in said court, in which a jury shall be demanded, and in which the defendant or defendants shall be citizens of the United States, none but citizens of the United States shall be competent jurors.

By the act to provide for the division of Dakota into two States and to enable the people of North Dakota, South Dakota, Montana, and Washington to form constitutions and State governments and to be admitted into the Union on an equal footing with the original States, and to make donations of public lands to such States.

That the inhabitants of all that part of the area of the United States now constituting the Territories of Dakota, Montana, and Washington, as at present described, may become the States of North Dakota, South Dakota, Montana, and Washington, respectively, as hereinafter provided.

SEC. 2. The area comprising the Territory of Dakota shall, for the purposes of this act, be divided on the line of the seventh standard parallel produced due west to the western boundary of said Territory; and the delegates elected as hereinafter provided to the constitutional convention in districts north of said parallel shall assemble in convention, at the time prescribed in this act, at the city of Bismarck; and the delegates elected in districts south of said parallel shall, at the same time, assemble in convention at the city of Sioux Falls.

SEC. 3. That all persons who are qualified by the laws of said Territories to vote for representatives to the legislative assemblies thereof, are hereby authorized to vote for and choose delegates to form conventions in said proposed States; and the qualifications for delegates to such conventions shall be such as by the laws of said Territories respectively persons are required to possess to be eligible to the legislative assemblies thereof; and the aforesaid delegates to form said conventions shall be apportioned within the limits of the proposed States, in such districts as may be established as herein provided, in proportion to the population in each of said counties and districts, as near as may be, to be ascertained at the time of making said apportionments by the persons hereinafter authorized to make the same, from the best information obtainable, in each of which districts three delegates shall be elected, but no elector shall vote for more than two persons for delegates to such conventions; that said apportionments shall be made by the governor, the chief-justice, and the secretary of said Territories; and the governors of said Territories shall, by proclamation, order an election of the delegates aforesaid in each of said proposed States, to be held on the Tuesday after the second Monday in May, eighteen hundred and eighty-nine, which proclamation shall be issued on the fifteenth day of April, eighteen hundred and eighty-nine; and such election shall be conducted, the returns made, the result ascertained, and the certificates to persons elected to such convention issued in the same manner as is prescribed by the laws of the said Territories regulating elections therein for Delegates to Congress; and the number of votes cast for delegates in each precinct shall also be returned. The number of delegates to said conventions respectively shall be seventy-five; and all persons resident in said proposed States, who are qualified voters of said Territories as herein provided, shall be entitled to vote upon the election of delegates, and under such rules and regulations as said conventions may prescribe, not in conflict with this act, upon the ratification or rejection of the constitutions.

SEC. 4. That the delegates to the conventions elected as provided for in this act shall meet at the seat of government of each of said Territories, except the delegates elected in South Dakota, who shall meet at the city of Sioux Falls, on the fourth day of July, eighteen hundred and eighty-nine, and, after organization, shall declare, on behalf of the people of said proposed States, that they adopt the Constitution of the United States; whereupon the said conventions shall be, and are hereby, authorized to form constitutions and States governments for said proposed States, respectively. The constitutions shall be republican in form, and make no distinction in civil or political rights on account of race or color, except as to Indians not taxed, and not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence. And said conventions shall provide, by ordinances irrevocable without the consent of the United States and the people of said States:

First. That perfect toleration of religious sentiment shall be secured and that no inhabitant of said States shall ever be molested in person or property on account of his or her mode of religious worship.

Second. That the people inhabiting said proposed States do agree and declare that they forever disclaim all right and title to the unappropriated public lands lying within the boundaries thereof, and to all lands lying within said limits owned or held by any Indian or Indian tribes; and that until the title thereto shall have been extinguished by the United States, the same shall be and remain subject to the disposition of the United States, and said Indian lands shall remain under the absolute jurisdiction and control of the Congress of the United States; that the lands belonging to citizens of the United States residing without the said States shall never be taxed at a higher rate than the lands belonging to residents thereof; that

no taxes shall be imposed by the States on lands or property therein belonging to or which may hereafter be purchased by the United States or reserved for its use. But nothing herein, or in the ordinances herein provided for, shall preclude the said States from taxing as other lands are taxed any lands owned or held by any Indian who has severed his tribal relations, and has obtained from the United States or from any person a title thereto by patent or other grant, save and except such lands as have been or may be granted to any Indian or Indians under any act of Congress containing a provision exempting the lands thus granted from taxation; but said ordinances shall provide that all such lands shall be exempt from taxation by said States so long and to such extent as such act of Congress may prescribe.

Third. That the debts and liabilities of said Territories shall be assumed and paid by said States, respectively.

Fourth. That provision shall be made for the establishment and maintenance of systems of public schools, which shall be open to all the children of said States, and free from sectarian control.

SEC. 5. That the convention which shall assemble at Bismarck shall form a constitution and State government for a State to be known as North Dakota, and the convention which shall assemble at Sioux Falls shall form a constitution and State government for a State to be known as South Dakota: *Provided*, That at the election for delegates to the constitutional convention in South Dakota, as hereinbefore provided, each elector may have written or printed on his ballot the words "For the Sioux Falls constitution," or the words "against the Sioux Falls constitution," and the votes on this question shall be returned and canvassed in the same manner as for the election provided for in section three of this act; and if a majority of all votes cast on this question shall be "for the Sioux Falls constitution" it shall be the duty of the convention which may assemble at Sioux Falls, as herein provided, to resubmit to the people of South Dakota, for ratification or rejection at the election hereinafter provided for in this act, the constitution framed at Sioux Falls and adopted November third, eighteen hundred and eighty-five, and also the articles and propositions separately submitted at that election, including the question of locating the temporary seat of government, with such changes only as relate to the name and boundary of the proposed State, to the re-apportionment of the judicial and legislative districts, and such amendments as may be necessary in order to comply with the provisions of this act; and if a majority of the votes cast on the ratification or rejection of the constitution shall be for the constitution irrespective of the articles separately submitted, the State of South Dakota shall be admitted as a State in the Union under said constitution as hereinafter provided; but the archives, records, and books of the Territory of Dakota shall remain at Bismarck, the capital of North Dakota, until an agreement in reference thereto is reached by said States. But if at the election for delegates to the constitutional convention in South Dakota a majority of all the votes cast at that election shall be "against the Sioux Falls constitution", then and in that event it shall be the duty of the convention which will assemble at the city of Sioux Falls on the fourth day of July, eighteen hundred and eighty-nine, to proceed to form a constitution and State government as provided in this act the same as if that question had not been submitted to a vote of the people of South Dakota.

SEC. 6. It shall be the duty of the constitutional conventions of North Dakota and South Dakota to appoint a joint commission, to be composed of not less than three members of each convention, whose duty it shall be to assemble at Bismarck, the present seat of government of said Territory, and agree upon an equitable division of all property belonging to the Territory of Dakota, the disposition of all public records, and also adjust and agree upon the amount of

the debts and liabilities of the Territory, which shall be assumed and paid by each of the proposed States of North Dakota and South Dakota; and the agreement reached respecting the Territorial debts and liabilities shall be incorporated in the respective constitutions, and each of said States shall obligate itself to pay its proportion of such debts and liabilities the same as if they had been created by such States respectively.

SEC. 7. If the constitutions formed for both North Dakota and South Dakota shall be rejected by the people at the elections for the ratification or rejection of their respective constitutions as provided for in this act, the Territorial government of Dakota shall continue in existence the same as if this act had not been passed. But if the constitution formed for either North Dakota or South Dakota shall be rejected by the people, that part of the Territory so rejecting its proposed constitution shall continue under the Territorial government of the present Territory of Dakota, but shall, after the State adopting its constitution is admitted into the Union, be called by the name of the Territory of North Dakota or South Dakota, as the case may be: *Provided*, That if either of the proposed States provided for in this act shall reject the constitution which may be submitted for ratification or rejection at the election provided therefor, the governor of the Territory in which such proposed constitution was rejected shall issue his proclamation reconvening the delegates elected to the convention which formed such rejected constitution, fixing the time and place at which said delegates shall assemble; and when so assembled they shall proceed to form another constitution or to amend the rejected constitution, and shall submit such new constitution or amended constitution to the people of the proposed State for ratification or rejection, at such time as said convention may determine; and all the provisions of this act, so far as applicable, shall apply to such convention so reassembled and to the constitution which may be formed, its ratification or rejection, and to the admission of the proposed State.

SEC. 8. That the constitutional convention which may assemble in South Dakota shall provide by ordinance for resubmitting the Sioux Falls constitution of eighteen hundred and eighty-five, after having amended the same as provided in section five of this act, to the people of South Dakota for ratification or rejection at an election to be held therein on the first Tuesday in October, eighteen hundred and eighty-nine; but if said constitutional convention is authorized and required to form a new constitution for South Dakota it shall provide for submitting the same in like manner to the people of South Dakota for ratification or rejection at an election to be held in said proposed State on the said first Tuesday in October. And the constitutional conventions which may assemble in North Dakota, Montana, and Washington shall provide in like manner for submitting the constitutions formed by them to the people of said proposed States, respectively, for ratification or rejection at elections to be held in said proposed States on the said first Tuesday in October. At the elections provided for in this section the qualified voters of said proposed States shall vote directly for or against the proposed constitutions, and for or against any articles or propositions separately submitted. The returns of said elections shall be made to the secretary of each of said Territories, who, with the governor and chief-justice thereof, or any two of them, shall canvass the same; and if a majority of the legal votes cast shall be for the constitution the governor shall certify the result to the President of the United States, together with a statement of the votes cast thereon and upon separate articles or propositions, and a copy of said constitution, articles, propositions, and ordinances. And if the constitutions and governments of said proposed States are republican in form, and if all the provisions of this act have been complied with in the formation thereof, it shall be

the duty of the President of the United States to issue his proclamation announcing the result of the election in each, and thereupon the proposed States which have adopted constitutions and formed State governments as herein provided shall be deemed admitted by Congress into the Union under and by virtue of this act on an equal footing with the original States from and after the date of said proclamation.

SEC. 9. That until the next general census, or until otherwise provided by law, said States shall be entitled to one Representative in the House of Representatives of the United States, except South Dakota, which shall be entitled to two; and the Representatives to the Fifty-first Congress, together with the governors and other officers provided for in said constitutions, may be elected on the same day of the election for the ratification or rejection of the constitutions; and until said State officers are elected and qualified under the provisions of each constitution and the States, respectively, are admitted into the Union, the Territorial officers shall continue to discharge the duties of their respective offices in each of said Territories.

SEC. 10. That upon the admission of each of said States into the Union sections numbered sixteen and thirty-six in every township of said proposed States, and where such sections, or any parts thereof, have been sold or otherwise disposed of by or under the authority of any act of Congress, other lands equivalent thereto, in legal subdivisions of not less than one-quarter section, and as contiguous as may be to the section in lieu of which the same is taken, are hereby granted to said States for the support of common schools, such indemnity lands to be selected within said States in such manner as the legislature may provide, with the approval of the Secretary of the Interior: *Provided*, That the sixteenth and thirty-sixth sections embraced in permanent reservations for national purposes shall not, at any time, be subject to the grants nor to the indemnity provisions of this act, nor shall any lands embraced in Indian, military, or other reservations of any character be subject to the grants or to the indemnity provisions of this act until the reservation shall have been extinguished and such lands be restored to, and become a part of, the public domain.

SEC. 11. That all lands herein granted for educational purposes shall be disposed of only at public sale, and at a price not less than ten dollars per acre, the proceeds to constitute a permanent school-fund, the interest of which only shall be expended in the support of said schools. But said lands may, under such regulations as the legislatures shall prescribe, be leased for periods of not more than five years, in quantities not exceeding one section to any one person or company; and such land shall not be subject to pre-emption, homestead entry, or any other entry under the land laws of the United States, whether surveyed or unsurveyed, but shall be reserved for school purposes only.

SEC. 12. That upon the admission of each of said States into the Union, in accordance with the provisions of this act, fifty sections of the unappropriated public lands within said States, to be selected and located in legal subdivisions as provided in section ten of this act, shall be, and are hereby, granted to said States for the purpose of erecting public buildings at the capital of said States for legislative, executive, and judicial purposes.

SEC. 13. That five per centum of the proceeds of the sales of public lands lying within said States which shall be sold by the United States subsequent to the admission of said States into the Union, after deducting all the expenses incident to the same, shall be paid to the said States, to be used as a permanent fund, the interest of which only shall be expended for the support of common schools within said States, respectively.

SEC. 14. That the lands granted to the Territories of Dakota and Montana by the act of February eighteenth, eighteen hundred and eighty-one, entitled "An act to grant lands to Dakota, Montana, Arizona, Idaho, and Wyoming for university purposes," are hereby vested in the States of South Dakota, North Dakota, and Montana, respectively, if such States are admitted into the Union, as provided in this act, to the extent of the full quantity of seventy-two sections to each of said States, and any portion of said lands that may not have been selected by either of said Territories of Dakota or Montana may be selected by the respective States aforesaid; but said act of February eighteenth, eighteen hundred and eighty-one, shall be so amended as to provide that none of said lands shall be sold for less than ten dollars per acre, and the proceeds shall constitute a permanent fund to be safely invested and held by said States severally, and the income thereof be used exclusively for university purposes. And such quantity of the lands authorized by the fourth section of the act of July seventeenth, eighteen hundred and fifty-four, to be reserved for university purposes in the Territory of Washington, as, together with the lands confirmed to the vendees of the Territory by the act of March fourteenth, eighteen hundred and sixty-four, will make the full quantity of seventy-two entire sections, are hereby granted in like manner to the State of Washington for the purposes of a university in said State. None of the lands granted in this section shall be sold at less than ten dollars per acre; but said lands may be leased in the same manner as provided in section eleven of this act. The schools, colleges, and universities provided for in this act shall forever remain under the exclusive control of the said States, respectively, and no part of the proceeds arising from the sale or disposal of any lands herein granted for educational purposes shall be used for the support of any sectarian or denominational school, college, or university. The section of land granted by the act of June sixteenth, eighteen hundred and eighty, to the Territory of Dakota, for an asylum for the insane shall, upon the admission of said State of South Dakota into the Union, become the property of said State.

SEC. 15. That so much of the lands belonging to the United States as have been acquired and set apart for the purpose mentioned in "An act appropriating money for the erection of a penitentiary in the Territory of Dakota," approved March second, eighteen hundred and eighty-one, together with the buildings thereon, be, and the same is hereby, granted, together with any unexpended balances of the moneys appropriated therefor by said act, to said State of South Dakota, for the purposes therein designated; and the States of North Dakota and Washington shall, respectively, have like grants for the same purpose, and subject to like terms and conditions as provided in said act of March second, eighteen hundred and eighty-one, for the Territory of Dakota. SEC. 6. Each supervisor of census shall, upon the completion of his duties to the satisfaction of the Secretary of the Interior, receive the sum of one hundred and twenty-five dollars, and in addition thereto, in thickly-settled districts, one dollar for each thousand or

majority fraction of a thousand of the population enumerated in his district, and in sparsely-settled districts one dollar and forty cents for each thousand or majority fraction of a thousand of the population enumerated in such district; such sums to be in full compensation for all services rendered and expenses incurred by him, except that an allowance for clerk-hire may be made, at the discretion of the Superintendent of Census: *Provided*, That, in the aggregate, no supervisor shall be paid less than the sum of five hundred dollars. Rates of compensation for all other subdivisions shall be fixed in advance of the enumeration by the Superintendent of Census, with the approval of the Secretary of the Interior, according to the difficulty of enumeration, having reference to the nature of the region to be canvassed and the density or sparseness of settlement, or other considerations pertinent thereto; but the compensation allowed to any enumerator in any such district shall not be less than three dollars nor more than six dollars per day of ten hours actual field-work each, when a per diem compensation shall be established by the Secretary of the Interior; nor more than three cents for each living inhabitant, twenty cents for each farm, and thirty cents for each establishment of productive industry enumerated and returned, when a per capita compensation shall be deemed advisable by the Secretary of the Interior. No claim for mileage or traveling expenses shall be allowed any enumerator in either class of subdivisions, except in extreme cases, and then only when authority has been previously granted by the Superintendent of Census. The Superintendent of Census shall prescribe uniform methods and suitable forms for keeping accounts of the number of people enumerated or of the time occupied in field-work for the purpose of ascertaining the amounts due to enumerators, severally, under the provisions of this act.

SEC. 12. That the subdivision assigned to any enumerator shall not exceed four thousand inhabitants, as near as may be, according to estimates based on the Tenth Census. The boundaries of all subdivisions shall be clearly described by civil divisions, rivers, roads, public surveys, or other easily distinguished lines.

SEC. 15. And every president, treasurer, secretary, agent, director, or other officer of every corporation from which answers to any of the schedules provided for by this act are herein required, who shall, if thereto requested by the Superintendent, supervisor, or enumerator, willfully neglect or refuse to give true and complete answers to any inquiries authorized by this act, or shall willfully give false information, shall be guilty of a misdemeanor and on conviction thereof shall be fined not exceeding ten thousand dollars, to which may be added imprisonment for a period not exceeding one year.

SEC. 16. That all fines and penalties imposed by this act may be enforced by indictment or information in any court of competent jurisdiction.

SEC. 17. That the schedules of inquiries at the Eleventh Census shall be the same as those contained in section number twenty-two hundred and six of the Revised Statutes of the United States, of eighteen hundred and seventy-eight, as amended by section seventeen of the act entitled "An act to provide for taking the Tenth and subsequent censuses", approved March third, eighteen hundred and seventy-nine, with such changes of the subject-matter, emendations, and modifications as may be approved by the Secretary of the Interior; it being the intent of this section to give to said Secretary full discretion over the form of the schedules of such inquiries: *Provided, however*, That said Superintendent shall, under the authority of the Secretary of the Interior, cause to be taken on a special schedule of inquiry, according to such form as he may prescribe, the names, organizations, and length of service of those who had served in the Army, Navy, or Marine Corps of the United States in the war of the rebellion, and who are survivors at the time of said inquiry, and the widows of soldiers, sailors or marines: *And provided*, That the population schedule shall include an inquiry as to the number of negroes, mulattoes, quadroons, and octoroons. The report which the Superintendent of Census (if directed by said Secretary) is required to obtain from railroad corporations, incorporated express companies, telegraph companies, and insurance companies, and from all corporations or establishments reporting products other than agricultural products, shall be of and for the fiscal year of such corporations or establishments having its termination nearest to the first of June, eighteen hundred and ninety; the Superintendent of Census shall collect and publish the statistics of the population, industries, and resources of the district of Alaska, with such fullness as he may deem expedient, and as he shall find practicable under the appropriations made, or to be made, for the expenses of the Eleventh Census. He shall also, at the time of the general enumeration herein provided for, or prior thereto, as the Secretary of the Interior may determine, collect the statistics of and relating to the recorded indebtedness of private corporations and individuals, and make report thereon to

Congress; and he shall collect, from official sources, information relating to animals not on farms. The only volumes that shall be prepared and published in connection with said census shall relate to population and social statistics relating thereto, the products of manufactories, mining and agriculture, mortality and vital statistics, valuation and public indebtedness, recorded indebtedness, and to statistics relating to railroad corporations, incorporated express, telegraph and insurance companies, a list of the names, organizations, and length of service of surviving soldiers, sailors and marines, and the widows of soldiers, sailors and marines.

SEC. 18. That each enumerator in his subdivision shall be charged with the collection of the facts and statistics required by each and all the several schedules, with the following exceptions, to wit: In cities or States where an official registration of deaths is maintained, the Superintendent of Census, may in his discretion, withhold the mortality schedule from the several enumerators within such cities or States, and may obtain the statistics required by this act through official records, paying therefor such sum as may be found necessary, not exceeding the amount which is by this act authorized to be paid to enumerators for a similar service, namely, two cents for each death thus returned. Whenever he shall deem it expedient, the Superintendent of Census may withhold the schedules for manufacturing, mining, and social statistics from the enumerators of the several subdivisions, and may charge the collection of these statistics upon experts and special agents, to be employed without respect to locality. And said Superintendent may employ experts and special agents to investigate and ascertain the statistics of the manufacturing, railroad, fishing, mining, cattle, and other industries of the country, and of telegraph, express, transportation, and insurance companies as he may designate and require.

And the Superintendent of Census shall, with the approval of the Secretary of the Interior, prepare schedules containing such interrogatories as shall, in his judgment, be best adapted to elicit this information, with such specifications, divisions, and particulars under each head as he shall deem necessary to that end. Such experts and special agents shall take the same oath as the enumerators of the several subdivisions, and shall have equal authority with such enumerators in respect to the subjects committed to them, and they shall receive compensation at rates to be fixed by the Superintendent of Census with the approval of the Secretary of the Interior: *Provided*, That the same shall in no case exceed six dollars per day and actual necessary traveling expenses.

And it shall be the duty of each enumerator to complete the enumeration of his district, and to prepare the returns hereinbefore required to be made, and to forward the same to the supervisor of his district on or before the first day of July, eighteen hundred and ninety, and in any city having over ten thousand inhabitants under the census of eighteen hundred and eighty, the enumeration of population shall be taken within two weeks from the first Monday of June; and any delay beyond the dates above respectively, on the part of any enumerator, shall be sufficient cause for withholding the compensation to which he would be entitled by compliance with the provisions of this act, until proof satisfactory to the Superintendent of Census shall be furnished that

such delay was by reason of causes beyond the control of such enumerator.

SEC. 20. That the sum of six million four hundred thousand dollars is hereby fixed and limited as the maximum cost of the census herein provided for, exclusive of printing, engraving, and binding, and it shall not be lawful for the Secretary of the Interior or the Superintendent [Superintendent] of Census to incur any expense or obligation whatever, in respect to said census, in excess of that sum; and the sum of one million dollars is hereby appropriated, out of any money in the Treasury not otherwise appropriated, to be immediately available, and continue available until the completion of the Eleventh Census

SEC. 22. Any supervisor of census may, with the consent of the Superintendent of Census, remove any enumerator in his district, and fill the vacancy thereby caused or otherwise occurring; and in such cases but one compensation shall be allowed for the entire service, to be apportioned among the persons performing the same in the discretion of the Superintendent of Census.

And for the purpose of ascertaining whether the proper number of Indians yield and give their assent as aforesaid, and for the purpose of making the allotments and payments hereinafter mentioned, the said commissioners shall, while engaged in securing such cession and relinquishment as aforesaid and before completing the same, make an accurate census of each tribe or band, classifying them into male and female adults, and male and female minors; and the minors into those who are orphans and those who are not orphans, giving the exact numbers of each class, and making such census in duplicate lists, one of which shall be filed with the Secretary of the Interior, and the other with the official head of the band or tribe; and the acceptance and approval of such cession and relinquishment by the President of the United States shall, be deemed full and ample proof of the assent of the Indians, and shall operate as a complete extinguishment of the Indian title without any other or further act or ceremony whatsoever for the purposes and upon the terms in this act provided.

SEC. 2. That the said commissioners shall, before entering upon the discharge of their duties, each give a bond to the United States in the sum of ten thousand dollars, with sufficient sureties, to be approved by the Secretary of the Interior, and conditioned for the faithful discharge of their duties under this act, and they shall also each take an oath to support the Constitution of the United States, and to faithfully discharge the duties of their office, which bonds and oaths shall be filed with the Secretary of the Interior. Said commissioners shall be entitled to a compensation of ten dollars per day for each day actually employed in the discharge of their duties, and for their actual traveling expenses and board, not exceeding three dollars per day. Said commissioners shall also be authorized to employ a competent interpreter while engaged in the performance of their duties, at a compensation and allowance to be fixed by them, not in excess of that allowed to each of them under this act.

SEC. 3. That as soon as the cession and relinquishment of said Indian title has been obtained and approved as aforesaid, it shall be the duty of the Commissioners of the General Land Office to cause the lands so ceded to the United States to be surveyed in the manner provided by law for the survey of public lands, and as soon as practicable after such survey has been made, and the report, field-notes, and plats thereof filed in the General Land Office, and duly approved by the Commissioner thereof, the said Secretary of the Interior, upon notice of the completion of such surveys, shall appoint a sufficient number of competent and experienced examiners, in order that the work may be done within a reasonable time, who shall go upon said lands thus surveyed and personally make a careful, complete, and thorough examination of the same by forty-acre lots, for the purpose of ascertaining on which lots or tracts there is standing or growing pine timber, which tracts on which pine timber is standing or growing for the purposes of this act shall be termed "pine lands," the minutes of such examination to be at the time entered in books provided for that purpose, showing with particularity the amount and quality of all pine timber standing or growing on any lot or tract, the amount of such pine timber to be estimated by feet in the manner usual in estimating such timber, which estimates and reports of all such examinations shall be filed with the Commissioner of the General Land Office as a part of the permanent records thereof, and thereupon that officer shall cause to be made a list of all such pine lands, describing each forty-acre lot or tract thereof separately, and opposite each such description he shall place the actual cash value of the same, according to his best judgment and information, but such valuation shall not be at a rate of less than three dollars per thousand feet, board measure of the pine timber thereon, and thereupon such lists of lands so appraised shall be transmitted to the Secretary of the Interior for approval, modification, or rejection, as he may deem proper. If the appraisals are rejected as a whole then the Secretary of the Interior shall substitute a new appraisal and the same or original list as approved or modified shall be filed with the Commissioner of the General Land Office as the appraisal of said lands, and as constituting the minimum price for which said lands may be sold, as hereinafter provided, but in no event shall said pine lands be appraised at a rate of less than three dollars per thousand feet board measure of the pine timber thereon. The residue of such lands remaining unsold after such public offering shall thereafter be subject to private sale for cash at the appraised value of the same upon application at the local land office.

SEC. 6. That when any of the agricultural lands on said reservation not allotted under this act nor reserved for the future use of said Indians have been surveyed, the Secretary of the Interior shall give thirty days' notice through at least one newspaper published at Saint Paul and Crookston, in the State of Minnesota, and, at the expiration of thirty days, the said agricultural lands so surveyed, shall be disposed of by the United States to actual settlers only under the provisions of the homestead law: *Provided*, That each settler under and in accordance with the provisions of said homestead laws shall pay to the United States for the land so taken by him the sum of one dollar and twenty-five cents for each and every acre, in five equal annual payments, and shall be entitled to a patent therefor only at the expiration of five years from the date of entry, according to said homestead laws, and after the full payment of said one dollar and twenty-five cents per acre therefor, and due proof of occupancy for said period of five years; and any conveyance of said lands so taken as a homestead, or any contract touching the same, prior to the date of final entry, shall be null and void: *Provided*, That nothing in this act shall be held to authorize the sale or other disposal under its provision of any tract upon which there is a subsisting, valid, pre-emption or homestead entry, but any such entry shall be proceeded with under the regulations and decisions in force at the date of its allowance, and if found regular and valid, patents shall issue thereon: *Provided*, That any person who has not heretofore had the benefit of the homestead or pre-emption law, and who has failed from any cause to perfect the title to a tract of land heretofore entered by him under either of said laws may make a second homestead entry under the provisions of this act.

And each and every allottee under this act shall be entitled to all the rights and privileges and be subject to all the provisions of section six of the act approved February eighth, eighteen hundred and eighty-seven, entitled "An act to provide for the allotment of lands in severalty to Indians on the various reservations, and to extend the protection of the laws of the United States and the Territories over the Indians and for other purposes." *Provided*, That the President of the United States may in any case, in his discretion, extend the period by a term not exceeding ten years; and if any lease or conveyance shall be made of the lands set apart and allotted as herein provided, or any contract made touching the same, before the expiration of the time above mentioned, such lease or conveyance or contract shall be absolutely null and void: *Provided further*, That the law of descent and partition in force in the State or Territory where the lands may be situated shall apply thereto after patents therefor have been executed and delivered. Each of the patents aforesaid shall be recorded in the General Land Office, and afterward delivered, free of charge, to the allottee entitled thereto.

SEC. 12. That at any time after lands have been allotted to all the Indians of any tribe as herein provided, or sooner, if in the opinion of the President it shall be for the best interests of said tribe, it shall be lawful for the Secretary of the Interior to negotiate with such Indian tribe for the purchase and release by said tribe, in conformity with the treaty or statute under which such reservation is held of such portions of its reservation not allotted as such tribe shall, from

time to time, consent to sell, on such terms and conditions as shall be considered just and equitable between the United States and said tribe of Indians, which purchase shall not be complete until ratified by Congress: *Provided, however,* That all lands adapted to agriculture, with or without irrigation, so sold or released to the United States by any Indian tribe shall be held by the United States for the sole purpose of securing homes to actual settlers, and shall be disposed of by the United States to actual and bona-fide settlers only in tracts not exceeding one hundred and sixty acres to any one person, on such terms as Congress shall prescribe, subject to grants which Congress may make in aid of education: *And provided further,* That no patents shall issue therefor except to the person so taking the same as and for a homestead, or his heirs, and after the expiration of five years' occupancy thereof as such homestead; and any conveyance of said lands so taken as a homestead, or any contract touching the same, or lien thereon, created prior to the date of such patent, shall be null and void. act entitled "An act to extend the northern boundary of the State of Nebraska," shall be made within six months from the time this act shall take effect.

SEC. 14. That in cases where the use of water for irrigation is necessary to render the lands within any Indian reservation created by this act available for agricultural purposes, the Secretary of the Interior be, and he is hereby, authorized to prescribe such rules and regulations as he may deem necessary to secure a just and equal distribution thereof among the Indians residing upon any such Indian reservation created by this act; and no other appropriation or grant of water by any riparian proprietor shall be authorized or permitted to the damage of any other riparian proprietor.

SEC. 15. That if any Indian has, under and in conformity with the provisions of the treaty with the Great Sioux Nation concluded April twenty-ninth, eighteen hundred and sixty-eight, and proclaimed by the President February twenty-fourth, eighteen hundred and sixty-nine, or any existing law, taken allotments of land within or without the limits of any of the separate reservations established by this act, such allotments are hereby ratified and made valid, and such Indian is entitled to a patent therefor in conformity with the provisions of said treaty and existing law and of the provisions of this act in relation to patents for individual allotments.

SEC. 16. That the acceptance of this act by the Indians in manner and form as required by the said treaty concluded between the different bands of the Sioux Nation of Indians and the United States, April twenty-ninth, eighteen hundred and sixty-eight, and proclaimed by the President February twenty-fourth, eighteen hundred and sixty-nine, as hereinafter provided, shall be taken and held to be a release of all title on the part of the Indians receiving rations and annuities on each of the said separate reservations, to the lands described in each of the other separate reservations so created, and shall be held to confirm in the Indians entitled to receive rations at each of said separate reservations, respectively, to their separate and exclusive use and benefit, all the title and interest of every name and nature secured therein to the different bands of the Sioux Nation by said treaty of April twenty-ninth, eighteen hundred and sixty-eight. This release shall not affect the title of any individual Indian to his separate allotment on land not included in any of said separate reservations provided for in this act, which title is hereby confirmed, nor any agreement heretofore made with the Chicago, Milwaukee and Saint Paul Railroad Company or the Dakota Central Railroad Company for a right of way through said reservation; and for any lands acquired by any such agreement to be used in connection therewith, except as hereinafter provided; but the Chicago, Milwaukee and Saint Paul Railway Company and the Dakota Central Railroad Company shall, respectively, have the right to take and use, prior to any white person, and to any corporation, the right of way provided for in said agreements, with not to exceed twenty acres of land in addition to the right of way, for stations for every ten miles of road; and said companies shall also, respectively, have the right to take and use for right of way, side-track, depot and station privileges, machine-shop, freight-house, round house, and yard facilities, prior to any white person, and to any corporation or association, so much of the two separate sections of land embraced in said agreements; also, the former company so much of the one hundred and eighty-eight acres, and the latter company so much of the seventy five acres, on the east side of the Missouri River, likewise embraced in said agreements, as the Secretary of the Interior shall decide to have been agreed upon and paid for by said railroad, and to be reasonably necessary upon each side of said river for approaches to the bridge of each of said companies to be constructed across the river, for right of way, side-track, depot and station privileges,

machine-shop, freight house, round-house, and yard facilities, and no more: *Provided*, That the said railway companies shall have made the payments according to the terms of said agreements for each mile of right of way and each acre of land for railway purposes, which said companies take and use under the provisions of this act, and shall satisfy the Secretary of the Interior to that effect: *Provided further*, That no part of the lands herein authorized to be taken shall be sold or conveyed except by way of sale of, or mortgage of the railway itself. Nor shall any of said lands be used directly or indirectly for town site purposes, it being the intention hereof that said lands shall be held for general railway uses and purposes only, including stock yards, warehouses, elevators, terminal and other facilities of and for said railways: but nothing herein contained shall be construed to prevent any such railroad company from building upon such lands houses for the accommodation or residence of their employees, or leasing grounds contiguous to its tracks for warehouse or elevator purposes connected with said railways: *And provided further*, That said payments shall be made and said conditions performed within six month [months] after this act shall take effect: *And provided further*, That said railway companies and each of them shall, within nine months after this act takes effect, definitely locate their respective lines of road, including all station grounds and terminals across and upon the lands of said reservation designated in said agreements, and shall also, within the said period of nine months, file with the Secretary of the Interior a map of such definite location, specifying clearly the line of road the several station grounds and the amount of land required for railway purposes, as herein specified, of the said separate sections of land and said tracts of one hundred and eighty-eight acres and seventy five acres, and the Secretary of the Interior shall, within three months after the filing of such map, designate the particular portions of said sections and of said tracts of land which the said railway companies respectively may take and hold under the provisions of this act for railway purposes. And the said railway companies, and each of them, shall, within three years after this act takes effect, construct, complete, and put in operation their said lines of road; and in case the said lines of road are not definitely located and maps of location filed within the periods hereinbefore provided, or in case the said lines of road are not constructed, completed, and put in operation within the time herein provided, then, and in either case, the lands granted for right of way, station grounds, or other railway purposes, as in this act provided, shall, without any further act or ceremony, be declared by proclamation of the President forfeited, and shall, without entry [entry] or further action on the part of the United States, revert to the United States and be subject to entry under the other provisions of this act; and whenever such forfeiture occurs the Secretary of the Interior shall ascertain the fact and give due notice thereof to the local land officers, and thereupon the lands so forfeited shall be open to homestead entry under the provisions of this act.

By the act to provide for allotment of land in severalty to United Peorias and Miamies in Indian Territory, and for other purposes.

That the provisions of chapter One hundred and Nineteen of the acts of eighteen hundred and eighty seven, entitled "An act to provide for the allotment of lands in severalty to Indians on the various reservations, and to extend the protection of the laws of the United States and the Territories over the Indians, and for other purposes," are hereby declared to extend to and are made applicable to the Confederated Wea, Peoria, Kaskaskia, and Piankeshaw tribes of Indians, and the Western Miami tribe of Indians, now located in the north-eastern part of the Indian Territory and to their reservation, in the same manner and to the same extent as if said tribes had not been excepted from the provisions of said act, except as to section six of said act, and as otherwise hereinafter provided.

That the Secretary of the Interior is hereby authorized and directed, within ninety days from and after the passage of this act, to cause to be allotted to each and every member of the said Confederated Wea, Peoria, Kaskaskia, and Piankeshaw tribes of Indians, and the Western Miami tribe of Indians, upon lists to be furnished him by the chiefs of said tribes, duly approved by them, and subject to the approval of the Secretary of the Interior, an allotment of land not to exceed two hundred acres, out of their common reserve, to each person entitled thereto by reason of their being members of said tribes by birth or adoption: all allotments to be selected by the Indians,

heads of families selecting for their minor children, and the chiefs of their respective tribes for each orphan child. All differences arising between members of said tribes, in making said allotments, shall be settled by the chiefs of the respective tribes, subject to the approval of the Secretary of the Interior: *Provided*, That before any of the allotments herein provided for shall be made, there shall be set apart, not to exceed twenty acres in all, for school, church, and cemetery [cemetery] purposes; the location of the same to be selected by the chiefs of said tribes, subject to the approval of the Secretary of the Interior, in such quantities and at such points as they shall deem best, which, together with all improvements now existing or that may hereafter be made by the tribes thereon, shall be held as common property of the respective tribes. If in making the selections as herein provided for, the sites of present school buildings should not be retained, then all improvements thereon may be removed. If not removed, then they shall be sold after appraisement by the chiefs of the tribes; the sale to be approved by the Secretary of the Interior and the proceeds placed to the credit of the proper tribe. If any religious denomination, with the consent of either or both of said tribes, should erect any building for church or school purposes upon any of the land selected for church use, the said building, together with the land, shall be held the property of such religious denomination so long as they shall occupy the same for religious or school purposes. And should such denomination at any time desire to move said church or school house to any other place on their reservation, they may do so; or, if they prefer, may sell the same with or without the lands upon which said house is situate, and apply the proceeds to their new building.

The land so allotted shall not be subject to alienation for twenty five years from the date of the issuance of patent therefor, and said lands so allotted and patented shall be exempt from levy, sale, taxation, or forfeiture for a like period of years. As soon as all the allotments or selections shall have been made as herein provided, the Secretary of the Interior shall cause a patent to issue to each and every person so entitled, for his or her allotment, and such patent shall recite in the body thereof that the land therein described and conveyed shall not be alienated for twenty-five years from the date of said patent, and shall also recite that such land so allotted and patented is not subject to levy, sale, taxation, or forfeiture for a like period of years, and that any contract or agreement to sell or convey such land or allotments so patented entered into before the expiration of said term of years shall be absolutely null and void. SEC. 2. That in making allotments under this act no more in the aggregate than seventeen thousand and eighty-three acres of said reservation shall be allotted to the Miami Indians, nor more than thirty-three thousand two hundred and eighteen acres in the aggregate to the United Peoria Indians; and said amounts shall be treated in making said allotments in all respects as the extent of the reservation of each of said tribes, respectively. If, in making said allotments any difference shall arise between said tribes, all such matters of difference shall be determined by the Secretary of the Interior. After the allotments herein provided for shall have been completed, the residue of the lands, if any, not allotted, shall be held in common under present title by said United Peorias and Miamies in the proportion that the residue, if any of each of the said allotments shall bear to the other. And said United Peorias and Miamies shall have power, subject to the approval of the Secretary of the Interior, to lease for grazing, agricultural, or mining purposes from time to time and for any period not exceeding ten years at any one time, all of said residue, or any part thereof, the proceeds or rental to be divided between said tribes in proportion to their respective interests in said residue. And after said allotments are completed each allottee may lease or rent

his or her individual allotment for any period not exceeding three years, the father acting for his minor children, and in case of no father then the mother, the chief acting for orphans of the tribe to which said orphans may belong.

At the expiration of twenty-five years from the date of the passage of this act, all of said remaining or unallotted lands may be equally divided among the members of said tribes, according to their respective interests, or the same may be sold on such terms and conditions as the President and the adult members of said tribe may hereafter mutually agree upon, and the proceeds thereof divided according to ownership as hereinbefore set forth: *Provided*, That before any division of the land is made, or sale had, that three-fourths of the bona fide adult members of said tribes shall petition the Secretary of the Interior for such division or sale of said land: *Provided further*, That sections one and two of this act shall not take effect until the consent thereto of each of said tribes separately shall have been signified by three-fourths of the adult male members thereof, in manner and form satisfactory to the President of the United States.

SEC. 3 That any act or part of acts of Congress heretofore passed that may conflict with the provisions of this act, either as to land or money, are hereby repealed.

SEC. 4—That full jurisdiction is hereby conferred upon the Court of Claims, subject to an appeal to the Supreme court of the United States, as in other cases, to hear and determine what are the just rights at law, or in equity, of those Wea, Peoria, Kaskaskia, and Piankeshaw Indians and of their children, or heirs at law, or legal representatives, who became citizens of the United States under the provisions of article twenty-eight of the treaty of February twenty-third, eighteen hundred and sixty seven, made with the confederated tribes of Peorias, Kaskaskias, Weas, and Piankeshaw in the invested funds and other common property of the said confederated tribes. And the exercise of such jurisdiction shall not be barred by any lapse of time heretofore, nor shall the rights of said Indians be impaired by any ruling or determination upon such rights heretofore made. Suit may be instituted against the United States in said court of Claims within twelve months after the passage of this act, but not later, on behalf of said Indians who so become citizens of the United States, their heirs and legal representatives, in the name and style of "The Citizen Wea, Peoria, Kaskaskia, and Piankeshaw Indians," in accordance with the practice of said Court, for the hearing and determination of such rights at law and in equity as are claimed for said citizen Indians, or any of them, in such suit, which rights or equities arise out of the provisions of said treaty, or any law of the United States relating to the invested funds and common property of said confederated tribes. Said "confederated tribes of Peorias, Kaskaskias, Weas, and Piankeshaws" may be made a party defendant in said suit, on petition in that name to be made such party defendant, to be filed within three months from the date of the bringing of such suit, but the United States, through its proper officers, shall defend said suit on behalf of said Indians, whether or not they shall become parties to the same. Said courts shall determine what are the legal and equitable rights and interests of the Indians who separated from the tribes to which they belonged, and became citizens of the United States under said treaty, and of the heirs and legal representatives of such of them as are dead, and shall ascertain the value thereof, after deducting what has been paid to each of said Indians on account of such invested funds and common property. And such sums shall be paid to the persons who are respectively entitled to the same out of any money or funds held in trust by the United States for and on account of said confederated tribes of Peoria, Kaskaskia, Wea, and Piankeshaw Indians. Out of the funds so

found due to said citizen Indians said Court of Claims may allow a reasonable compensation to the counsel or attorneys of such Indians, to be ratably apportioned upon and paid out of the sums due them, respectively; and the court may ascertain the reasonable value of the services of counsel employed by said confederated tribes to represent the tribes on such examination, not to exceed ten per centum of the aggregate sum actually in controversy, and the Secretary of the Interior shall cause to be paid to said counsel so much of the sum so ascertained as in equity and justice he may consider to be due them for such services, out of any money in the Treasury of the United States now due to such tribes arising from the sale of the lands of said tribe in Kansas

Indefinite.

SEC. 5 That the Secretary of the Interior shall transmit to said Court of Claims, upon its request, certified copies of any records, documents, or papers that relate to the rights of any of said Indians involved in such suit
